

## **CONFIDENCE UNDER FIRE**

**DKXarmor....Armor Solutions**

**“Light is FAST”**

The next generation of hard armor plates is here today with the MAX III hard armor plate. Imagine the ability to stop the AK 47 round, maintain buoyancy, no longer need to x-ray or worry about ruggedness of your armor. AND, under 3 pounds per plate.

**DKX MAX III floating in water**

**DKXarmor brings all of these capabilities together in the DKX Max III.**

- ***Manufactured exclusively with Dyneema® - The world's strongest fiber™***
- ***Extremely lightweight***
- ***Positive Buoyancy – DKX MaxIII FLOATS.***
- ***Multi-Hit rated***
- ***Durable***
  - ***Does not require x-ray examination (as required by some armor materials)***
  - ***Drop resistant***
- ***Extended lifespan – 7 year warranty***
- ***RFID chip embedded for monitoring and inventory control***
- ***Black: optional colors available.***

***Innovation***

***Inspiration***

***Dedication***
